

California's
All Hazards Type III Communications Unit Leader (COML)
Training Working Group

Cal EMA is in the process of convening a working group to develop and enhance the All Hazards Type III Communications Unit Leader (COML) course in California. Each state is tasked with developing and implementing their certification/credentialing process for All Hazards Type III COMLs.

More information will be forthcoming soon.

A kick-off meeting is scheduled for July 26, 2010 at Cal EMA, Mather, CA to begin developing our State's requirements of a COML.

If you have any questions about the All Hazards Type III COML for CA, please contact Michael Crews, CA Statewide Interoperability Coordinator (SWIC), at (916) 845-8602 or email Michael.crews@calema.ca.gov.
